Hi Ferris,

Thank you for looping me in. I've added my colleague Rachel Fox who has recently joined CD4 and will be taking over as field deputy for the area. Are there any other potential dates being considered for this meeting? Unfortunately, neither Rachel nor I are available on the evening of 3/21 due to conflicting meetings. If not, we are happy to discuss further before or after the meeting on how the council office can be of assistance on this issue.

Thank you,
Catherine

Hi Judy,

I had a nice conversation with the young man inside the tent today.

Needless to say, his tent is gone and he will not be returning to that location. I also went to the LGBT Center and spoke with Andrew, who is now aware of this individual, and will be spoken to by the LGBT staff. Please keep me posted if he decides to return.

Apologies for all the typos in my previous email blast to all.

As you can see it was 9 PM, I am burning the candle at both ends as most of us are, especially those with children. Up at 6am everyday and often not to bed until 1 am due to my work load and then the UNPAID second job of trying to incessantly keep our neighborhood safe and clean, along with a few others also included in this email chain

We ALL need to stand up and fight back 150%!!!! We will make a difference. Enough is enough with this irresponsible 7-11, The Transient invasions, break ins, assaults, etc. Urban or Suburban, no one deserves to deal with this crap on a daily basis, (unless you want to pay our bills, including property tax, etc. etc. etc.)

How about we plan on the 3rd week in March ? This gives everyone PLENTY of time to put aside 1.5 to 2 hours in your schedule and start the process of STOPPING the Madness.

How about a 6:30-8:00 PM meeting? Everyone should be able to make that work correct? Those of you who have yet to respond, please respectfully do so, all have benefitted from excessive actions of some more than others.

I've lived in this neighborhood and been proactive for 15 years, many of you have also been and done so, and been here even longer, so we can all relate .

If everyone can reply with at least 2 dates the 3rd week in March that work for them to meet, we can coordinate this easily.

Monday, Tuesday, or Wednesday can work for me.

Let's nail them in their wallet, and NO WARNING TO THEM!! They have had plenty of warning. Let's go straight to corporate within the next 2-3 weeks !!
